

## Highlights

### Fast Mobile Broadband for All Your Devices

Connect your high-speed mobile broadband connection to multiple Wi-Fi devices such as smartphones, tablets, PCs, and more

### Stay Safe

Uses a built-in firewall and industry-standard WPA/WPA2 security protocols to keep your data safe from prying eyes

### Go Anywhere

Small enough to fit in your pocket, and the rechargeable battery means you're not tied to a wall outlet

## DWR-932

# 4G/LTE Mobile Router

## Features

### Connectivity

- Uses a USIM card to connect to the Internet
- Compatible with 802.11n/g/b/ac devices
- Micro-USB port for easy charging

### Portability

- Up to eight hours of 4G LTE connectivity in a single charge, allowing you to stay connected longer
- Small size lets you drop it in a purse or pocket and take it wherever you go
- Supports Wi-Fi offloading technology

### Security

- WPA/WPA2 Wi-Fi security protocols provide the latest in wireless security
- Built-in firewall keeps unwanted connections out
- Wi-Fi Protected Setup (WPS) for one-touch secure setup with other devices

### Compatibility

- Works with different OS platforms including Windows, Mac OS, and Linux

The DWR-932 4G/LTE Mobile Router uses a 4G LTE Internet connection to give you a fast and reliable Wi-Fi network anywhere you need one. Instead of limiting your mobile Internet connection to a single device through a USB dongle, the DWR-932 allows you to create a Wi-Fi hotspot to share your connection. The convenient size means you can share your connection anywhere; use it in a cafe to send e-mail while your friend reads the news, or at the airport so your coworkers can chat with customers while waiting for your plane.

## Connect Anywhere

Simply insert your data-enabled SIM card, and this handy device lets family and friends in on the fun. The DWR-932 gets you connected when an impromptu network must be set up; it's ideal for business trips to share an Internet connection with everybody during a meeting, and it's great for travel, allowing you to provide all your travel companions with Internet access, whether they're using a laptop or a mobile device.

## Flexible Usage

The DWR-932 4G/LTE Mobile Router gives you instant connectivity in a powerful yet portable device that fits easily into your pocket, wherever you go. Wi-Fi Protected Setup (WPS) lets you create a Wi-Fi network that uses top-of-the-line security with just the touch of a button. The rechargeable 2640 mAh Li-ion battery allows you to stay connected for long periods of time, and it's plug-and-play with no complicated software to install. Getting online with the DWR-932 4G/LTE Mobile Router is quick, easy, and convenient.

## DWR-932 4G/LTE Mobile Router

Operating Temperature	• -10 to 45 °C (14 to 113°F)
Storage Temperature	• -10 to 70 °C (14 to 158 °F)
Operating Humidity	• 10% to 90% (non-condensing)
Storage Humidity	• 5% to 95% (non-condensing)
Certifications	• CE • RoHS
Order Information	
<i>Part Number</i>	<i>Description</i>
DWR-932	• 4G/LTE Mobile Router

1 Supported frequency band is dependent upon regional hardware version.

2 Data rates are theoretical. Data transfer rate depends on network capacity and signal strength.
